Taff takes a selfie on the way home from school. Should it be shared online?

What should I think about?

- Who might see my selfie?
- Do I want this photo of me to be online forever?
- Am I posing sensibly?
- Does my photo show any personal information?

Might it be better not to share online at all?

What might happen if I shared an unsafe selfie?

Ooops!

I know that before I post anything online, I need to get permission from my trusted adult.

What if I share something by mistake?

I need to ask my trusted adult to help me. I should speak to them **quickly** before it gets shared again.
