

## English Activities

- Choose one area of Indian Culture each day to find out more about. Read one of the fact files or re-search on the internet.
- Complete your own fact file by finding a photo from the photo sheet and sticking it in the box and then writing a sentence below the box.
- You can tell an adult the sentence you want written and they can help you write it by either writing on the sheet and you copy over it, or writing it on another piece of paper for you to copy. Or maybe you can try writing it all by yourself—remember to use your phonics to help you sound out the words.
- When you get to Friday you can put all your work together along with the fact files you have written this term and make your Indian fact file. I'd love to see it so either send it in the post to me or bring it with you when you come back to school.
