April 2021

Dear Parents/Carers

We hope that you have had a lovely Easter break and enjoyed the sunshine in between the snow and hail showers!

Our Topic this term is habitats. We will use a range of habitat themed books as a stimulus for our English lessons, which we are sure the children will love! They will be encouraged to listen to the stories and re-tell them using sign, narration, and drama. They will then be encouraged to write sentences about the stories. Many of our lessons will be linked to our Topic. For example, in Science we will be looking at habitats and exploring the horticultural area and sensory garden looking for mini beasts.

We also have some exciting whole school activities planned. In Horticulture lessons we will be planting giant sunflower seeds and monitoring their growth. We will be having a competition to see which class can grow the tallest. Each week we will also be learning a new sign. If you would like to support your child with this at home, you can find all the signs on the home learning section of the Fitzwaryn web page.

For this term, PE is on Monday and we will be doing track and field events outside as much as possible. Please send your child with their PE kit including trainers and a suitable top in case it is a bit chilly.

And finally, if you have any questions, please don't hesitate to contact us either by the home schoolbook or by leaving a message at reception and we will call you back.

Yours sincerely,

Rose Kight and Jo Little
