

Preparation for Adulthood

We want to ensure that you have all the information available that will help you and your child make an informed decision about where the next stage of your child's education will take place when they leave Fitzwaryn in Year 11. Discussions will take place during your child's EHCP from Year 9 about what they want to do in the future. We can then help plan which is the best pathway for your child either at Post 16 or Post 19.

We have collated and compiled a list of useful websites and contact details of agencies, charities and colleges that can help support you and your child prepare for adulthood.

| General information about transition | |
