

Student Centre April 19

Elder and Oak Classes have recently been on a day trip to London. The students spent many sessions planning the travel arrangements (the London Underground maps proved challenging), lunch options as well investigating the famous landmarks they would see whilst in the capital. They were able to practise their travel training – on the train underground, (students were heard to say ‘we are going really fast’, ‘it is really dark in the tunnels’) boat on the Thames – as well as sampling and ordering their own lunches at Borough Market. There were lots of samples eaten on the market – students commenting ‘That is really nice’, ‘I have never tried Thai food before’,

Spruce went to see the Frozen Light Theatre Company’s production of The Isle of Brimsker. It is a sensory theatre company and the students thoroughly enjoyed being immersed in the production.
