Learning Intention: To write a set of instructions

Success Criteria	Achieved?	
	Me	Adult
 Number your instructions 		
• To make your instructions clear		
• Break them down to small steps		

In the boxes below, write your own instructions for how you can make your own clouds. Make sure you keep your instructions short and to the point.

I have completed the first one for you. I have included another page, in case you need it to write more instructions.
